

## PT-3 LENS CHANGE INSTRUCTION CARD

### LENS REMOVAL (GRAPHIC 1)

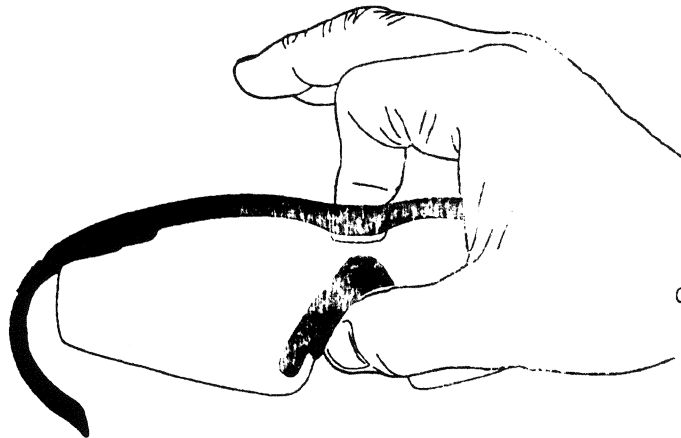

Position hands as shown in graphic 1, and simply pull apart until the lens completely separates from the frame at A and B.

Graphic 1

### LENS REPLACEMENT (GRAPHIC 2)

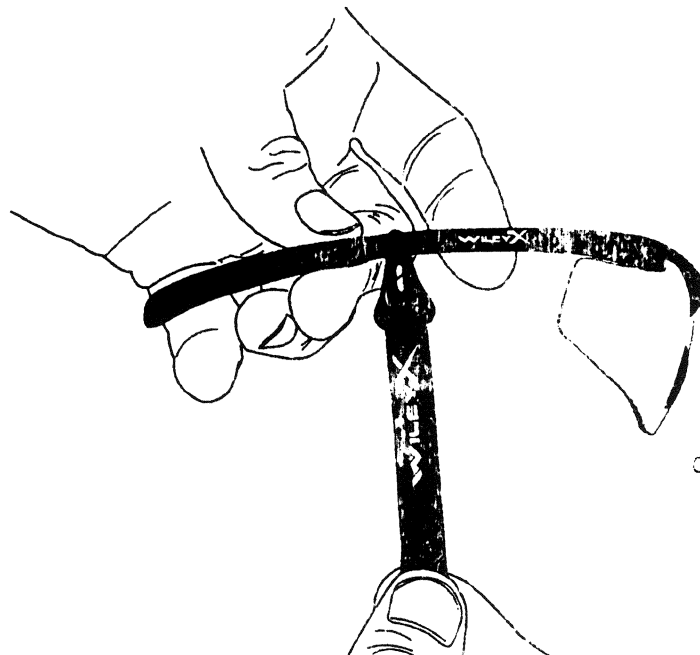

Insert outside "lens points" into the outside frame slots at B Position hand as in graphic 2 and squeeze thumb and forefinger together at A, the lens will snap into place.

Graphic 2

### ELASTIC STRAP (GRAPHIC 3)

Orient the plastic "T-Peg" as shown in graphic 3 and press into temple arm. The strap is locked into place when the plastic "T-Peg" is rotated back and parallel to the frame. To remove, rotate the plastic "T-Peg" perpendicular to the arm and pull out
